

Poster presentation format

All posters should be formatted for **PORTRAIT** presentation at a maximum size of **A0 (841 x 1189 mm)**. Posters will be stuck to hard boards using ‘blu-tack’ (provided) and it may be beneficial for posters to be non-laminated to aid in keeping them flat against the board.

Poster display

Posters will be displayed in the Lecture theatre of the Swakopmund Museum, c. 150 m walk east from the Strand Hotel. Please use the back entrance of the Museum to enter the Lecture Theatre, as shown below. Note that outside of the timed poster sessions the posters will be available for public viewing as part of the Museum exhibit.

Posters in each session will be displayed for two days with presenters anticipated to be available to discuss their posters as indicated, although presenters can extend or adapt this time as necessary:
